

IMPACT BITS AND CONNECTABLE, MODULAR STORAGE

ACCESSORY SETS

POWER TOOL AC

INNOVATIVE STORAGE SOLUTION

Introducing the first step in a new series of power tool Accessory Sets which provide protection in a connectable, modular case design. Built to withstand rigorous daily use in automotive, industrial and on site environments, the sets are designed to protect and organise the accessories in the workshop, out on the job or in transit.

This innovative storage solution is stackable and delivers space-saving convenience combined with easy component access.

Each case incorporates a robust tinted lid, giving users visibility of the accessories inside, and includes a new style of bit bar for easy removal and replacement, allowing bits to be locked safely into place when not in use.

DUAL TORSION IMPACT BIT RANGE

The brand new 63mm Dual Torsion impact bit range has been CNC machined to deliver maximum durability, and offers up to 50x longer product life* than traditional standard bits. This pioneering design ensures reduced breakage and wear in both hard and soft joint applications – protecting both the accessory and the application material.

As part of each set, a Torsion Bit Holder with integrated torsion zone and floating ring magnet ensures secure bit retention and quick release, while increasing the life of 25mm impact bits by up to 50x. The torsion zone flexes to absorb any peaks in torque, preventing the danger of premature breakage.

The new 63mm and 89mm impact bits can be used with a Magnetic Sleeve, which provides outstanding precision, permitting one-handed use, better screw retention and a lower risk of the fastener slipping from the bit driver.

CESSORY SETS

IMPACT CLEANABLE MAGNETIC NUT DRIVERS

These highly practical accessories are ideal for metal workers and can be quickly and effortlessly cleaned by the user to remove any build-up of metal filings and debris – thus ensuring full head fitment within the nut driver and maximum rotational performance.

This excellent fastener retention allows for one-handed usage and minimises the risk of fasteners being dropped or lost. The lobular design reduces stripping damage by driving the fastener on all sides, instead of forcing just the corners to turn. This helps protect both accessory and fastener.

TITANIUM IMPACT READY DRILL BITS

Specifically engineered for professionals working regularly with alloyed and non-alloyed steels, sheet metal and thin-walled profile material, these drill bits have been designed for optimum productivity and feature a quick-change shank for rapid exchange of accessories.

The reinforced core, which increases in diameter in the direction of the shaft, ensures up to 2x longer life, guaranteeing exceptional durability and fracture stability. Furthermore, their optimised flute geometry ensures that holes are drilled cleanly and accurately. The patented pilot tip features four cutting edges that allow the bits to quickly penetrate and remove material faster.

SMALL AUTOMOTIVE MODULAR CASE

IDEAL FOR BRAKE PAD CHANGES, BRAKE DISC SCREWS, BRAKE DRUM SCREWS, BODY PANEL SCREWS AND UNDER CAR PROTECTION PANELS

The small automotive modular case includes 23 bits as well as a Torsion Bit Holder and connects with both small and medium toughcases.

- 14 x 25mm bits
- 4 x 63mm bits
- 5 x metal drilling bits
- 1 x Torsion Bit Holder

PC COUNT	25MM	63MM	IMPACT TITANIUM METAL DRILLING BITS (HEX SHANK)	TORSION BIT HOLDER
24	HEX 3, HEX 4, HEX 5, HEX 6, HEX 7 X2, HEX 8, T10, T15, T20 X2, T25, T30, T40	T20, T25, T30, T40	4MM, 4.2MM, 5MM, 6MM, 7MM	92MM

ACCESSORY SETS

EN.1J50PB

MEDIUM AUTOMOTIVE MODULAR CASE

IDEAL FOR BRAKE PAD CHANGES, BRAKE DISC SCREWS, BRAKE DRUM SCREWS, BODY PANEL SCREWS AND UNDER CAR PROTECTION PANELS

The medium automotive modular case includes a wide range of bits and accessories and also includes a small bulk storage box for the 25mm bits.

- 31 x 25mm bits
- 9 x 63mm bits
- 5 x metal drilling bits
- 3 x Impact Cleanable Nut Drivers
- 2 x Torsion Bit Holders

PC COUNT	25MM	63MM	IMPACT TITANIUM METAL DRILLING BITS (HEX SHANK)	CLEANABLE NUT DRIVER:	TORSION BIT HOLDER
50	HEX 3, HEX 4, HEX 5, HEX 6, HEX 7 X2, HEX 8, PH1, PH2, PH3, PZ1, PZ2 X2, PZ3, T10 X2, T15, T20 X11, T25, T30, T40. CONTAINS SMALL BULK STORAGE CASE	HEX 4, HEX 5, HEX 6, HEX 7, T15, T20, T25, T30, T40	4MM, 4.2MM, 5MM, 6MM, 7MM	8MM, 10MM, 13MM	92MM, 152MM

ACCESSORY SETS

INDUSTRIAL MODULAR CASE

PERFECT FOR INDUSTRIAL MACHINERY SERVICING, ELEVATOR SERVICING AND GENERAL MAINTENANCE.

Fully compatible with the rest of the cases in the range, the contents have been specially selected for industrial users.

- 21 x 25mm bits
- 5 x 63mm bits
- 3 x Impact Cleanable Nut Drivers
- 1 x Torsion Bit Holder

PC COUNT	25MM	63MM	CLEANABLE NUT DRIVER	TORSION BIT HOLDER
30	HEX 3, HEX 4, HEX 5, HEX 6, HEX 8, HEX 10, PH1, PH2, PZ1, PZ2 X3, PZ3, SL5.5, T10, T15, T20 X2, T25, T30, T40.	HEX 4, HEX 5, HEX 6, HEX 8, HEX 10	8MM, 10MM, 13MM	92MM

ACCESSORY SETS

EN.1J40PB

RETAIL SMALL MODULAR CASE

PERFECT FOR METAL FRAMING, HVAC, ELECTRICAL AND PLUMBING INDUSTRIES AND APPLICATIONS SUCH AS DECKING, FRAMING, DRYWALL OR CABINET-MAKING.

Includes bits and accessories selected for a wide range of applications.

- 28 x 25mm bits
- 7 x 63mm bits
- 2 x 89mm bits
- 2 x Impact Cleanable Nut Drivers
- 1 x Torsion Bit Holders

PC COUNT	25MM	63MM	89MM	CLEANABLE NUT DRIVER:	TORSION BIT HOLDER
40	HEX 5 X2, HEX 6 X2, HEX 7 X3, PH1 X2, PH2 X3, PH3 X2, PZ1, PZ2 X5, PZ3, T10, T15, T20 X2, T25, T30, T40.	PZ2 X3, T20 X2, T25 X2.	PH2 X2.	8MM, 10MM.	92MM.
